

Communication is at the very heart of island life and as one of the islands longest established local companies, we see a central part of our role as not only connecting and protecting our communities, now and into the future, but also giving back in other ways to our islands, where our people and customers live and work.

Accordingly we take great pride in supporting local initiatives and charities, and feel honoured to play our part.

However as we receive thousands of requests each year for sponsorships, donations and volunteers, we cannot support them all, and so have created a set of guidelines to set out our sponsorship objectives, selection criteria, and selection process to allow everyone a fair chance of support. We wish to ensure events are as successful as possible, so seek to focus on a manageable number each year.

These guidelines are outlined below and also in the attached Sponsorship Request application form. Please read them before submitting your sponsorship/donation proposal.

We would like to thank you in advance for considering JT as a future partner.

Sponsorship

Sponsorship plays an important role in enabling us to give something back to our communities, customers and employees. We carefully select these sponsorship requests to match our own brand purpose and values, helping to connect our islands and our customers to their future, whilst respecting the uniqueness and rich heritage of these islands.

What we look for

- Events that support digital growth and capability of the islands
- Events that support digital education for islanders of all ages and means
- Events that support our chosen charities across our jurisdictions
- Events that support the Mental Health & physical Well Being of our islanders
- Events that protect or enhance our Islands' environment, heritage and island life

Our policies and criteria

We aim to be diverse and inclusive, bringing people together without prejudice, to maximise the greater good for all.

All events are required to conform to this general principle

We specifically exclude certain types of request:

- Sponsorship of Individuals
- Political or religious associations
- Headline Partnerships where other telecommunication companies are involved
- Opportunities that pose a health, safety or reputational risk
- Imminent events (less than 3 months from the application) which would prohibit JT adding any real value, due to time constraints

Application

Should your request fit our criteria, we'd be delighted if you would complete this short Sponsorship Request Form – we'll acknowledge receipt and respond with any next steps within 5 working days. The personal information collected on this form will be used for the sole purpose of evaluating your sponsorship request and we will contact you using the contact information provided. If your request is unsuccessful we will delete the information collected within 3 years. If your request is successful we will retain the information for as long as our relationship continues. Full details can be found on our [Privacy Policy](#).
